

MAYOR'S REPORT

MAY 2010

We have completed the first month of service by our new citywide trash and recycle vendor, Republic Services. It has been a pleasure working with this company during our transition. They have been very receptive to the needs of our residents, many of whom had unique situations with very long driveways and unusual circumstances for weekly collection. We have worked through these concerns and are on our way to enjoying the savings and service this new company provides to the City of Willoughby Hills. Special thanks to our residents for their patience with the implementation of this new program. As we move forward over the next five years with this contract, please feel free to let me know if you have any questions or concerns. I am confident you will be very glad that Council and I approved this for the City. It certainly brings our costs under control in these challenging economic times.

Speaking of "challenging economic times", we are pleased to work with the Lake County Captains to bring the residents of Willoughby Hills a fun day at a real "bargain price." We look forward to bringing the community together at Classic Park (Lake County Captains stadium) on Father's Day, Sunday, June 20, 2010, with tickets on sale now for just \$5 each! All of the promotions between innings will feature our very own residents and will showcase our wonderful city. We will also host a special delicious buffet at the ballpark at the price of \$15 for adults and \$10 for children. Every ticket sold has a chance to win a place at the game for 16 people in the Captains loge. Please plan to be a part of all of this fun by purchasing your tickets at City Hall no later than June 15th. I promise it will be a great day out for all dads.

In closing, I want to congratulate all of our Willoughby Hills senior high school students who will be graduating this month, as well as our college grads. As you may leave for college or a career out of state, please remember to keep up with us at www.willoughbyhills-oh.gov!
